

FLEXIBLE STORAGE IN A UNIQUE CABINET

An innovative addition to our Spec Line offering, the Flex Drawer allows the operator to change the drawer temperature from refrigerator to freezer, and vice versa, at the touch of a button. With zero-clearance installation and the capability to run each individual drawer at different temperature settings, this unit is ideal for kitchens seeking to maximize space while keeping food at consistently safe temperatures.

1 REDUCE COSTS

- Faster temperature recovery means less potential for food waste
- Metal construction ensures equipment longevity
- EZ-Clean gaskets last up to 4 times longer than PVC
- Offers the versatility of a refrigerator and freezer in one unit

2 SAVE LABOR

- Simple controls facilitate smooth operation
- EZ-Clean gaskets' profile and material simplify cleaning
- Fully removable ABS drawer bins for easy cleaning

3 SAVE SPACE

- Using two systems, this convertible unit allows the switch from refrigerator to freezer at the touch of a button
- Work surface accommodates cooking equipment
- Ideal for small kitchens seeking to maximize space

**3 YEAR PARTS & LABOR
WARRANTY
5 YEARS ON COMPRESSOR**
